

AARTHI A P

Chennai, India | apaarthi3107@gmail.com | 7550205289

PROFESSIONAL SUMMARY

Computer Science & Engineering graduate (2026) with hands-on full-stack development experience in Java, Spring Boot, and MySQL. Built and shipped production-style applications covering REST APIs, database design and secure authentication. Eager to contribute to a fast-paced engineering team.

EDUCATION

Meenakshi Sundararajan Engineering College — B.E. CSE — CGPA: 8.55/10	May 2026
D.A.V. Girls Senior Secondary School (CBSE) — Class XII — 81.2%	Jul 2022
D.A.V. Girls Senior Secondary School (CBSE) — Class X — 91.4%	Mar 2020

SKILLS

- **Programming Languages:** Java, SQL
- **Web Technologies:** HTML, CSS, Javascript
- **Databases:** MySQL, MongoDB
- **Backend & Frameworks:** Spring Boot, REST APIs
- **Tools & Version Control:** Git, GitHub
- **Soft Skills:** Project Management, Team Collaboration, Communication

PROJECTS

JobTracker — Full-Stack Job Application Tracker (Spring Boot, React, MySQL)

- Built a full-stack job application tracking system using Spring Boot, React, MySQL, and JWT-based authentication, following a three-layer (Controller-Service-Repository) architecture.
- Designed and implemented REST APIs for CRUD operations, and integrated the Gemini API to add AI-assisted resume analysis features.

Causal Extraction in Legal Decision Making Using AI — AI / Web Dashboard

- Engineered a Legal Decision Support System with an interactive dashboard that automates IPC section identification and retrieves similar legal precedents from unstructured case text.

Real Estate Listing Website — Full-Stack Web Application

- Developed a responsive full-stack real estate platform supporting property browsing, listing creation, and search, backed by a relational database.

WORK EXPERIENCE

Frontend Development Intern — Edify Techno Solutions, Chennai Jul 2024 – Aug 2024

- Developed responsive web interfaces using HTML, CSS, and JavaScript, translating design requirements into functional production ready pages.
- Applied modern design practices to improve page layout consistency and user experience.

Full Stack Web Development Intern — 8Queens Software Technologies Jul 2025 – Aug 2025

- Implemented a web application project, working across the stack — building responsive frontend components, implementing backend logic, and integrating with a relational database for real-time data handling.

LEADERSHIP & EXTRACURRICULAR ACTIVITIES

- **Symposium Website Team Member:** Collaborated with the development team to design and launch the department symposium website, increasing event visibility and registrations.
- **Event Coordinator — Hyperstrike:** Led end-to-end coordination of an IPL-themed college event, including scheduling, logistics, and participant management.

CERTIFICATIONS & ACHIEVEMENTS

- **NPTEL Certifications:** Python for Data Science; Programming in Java
- **Hackerrank SQL** Certification
- **Merit Certificate —** Young Turks Naukri Campus (India's Largest Skill Contest)
- **Hackathon Participant —** Code Volt '25, VIT
- **AI Workshop —** IIT Madras
